CATALYST is a global nonprofit organization that works with some of the world's most powerful CEOs and leading companies to help build workplaces that work for women. Founded in 1962, CATALYST drives change with pioneering research, practical tools, and proven solutions to accelerate and advance women into leadership. Your donation enables CATALYST to continue producing the research, programs, events, and solutions that have accelerated progress for women since 1962.

We conduct original research and share our learnings on a wide range of topics including board diversity; gender, race, and ethnicity; inclusive cultures; intersectionality; LGBTQ+, men and gender partnerships; sexual harassment; and unconscious bias.

--- because progress for women is progress for everyone. ---
